

Partnerships 0.10

1. Companies & Channels Already Serving Your ICP

Existing Players Around Mining Intelligence / GIS / Analytics

Company	Role	Competitor or Partner?	Notes
Esri	GIS & mapping	Competitor/Partner	Dominates enterprise GIS
Mapbox	Mapping infrastructure	Partner	Strong map APIs
Planet Labs	Satellite imagery	Partner	Future monitoring integration
S&P Global Commodity Insights	Mining intelligence	Competitor	Expensive enterprise market
Mining Technology	Mining industry media/data	Distribution channel	Audience overlap

African / Regional Ecosystem Players

Organization	Potential Role
Ghana Chamber of Mines	Distribution/networking
Minerals Commission Ghana	Strategic data partner
ECOWAS Commission	Future regional partner
Universities & geological institutes	Research/data collaboration
Mining conferences & expos	Customer acquisition

2. Distribution Partners vs Competitors

Potential Distribution Partners

These organizations help you reach customers.

Partner	Why Valuable
Ghana Chamber of Mines	Access to mining companies
Universities	Research credibility
GIS communities	Technical ecosystem
Mining conferences	Direct decision-makers
Environmental agencies	ESG use cases

Potential Competitors

Competitor Type	Threat Level
Global GIS providers	Medium
Mining ERP vendors	Medium
Commodity intelligence firms	High
Government internal systems	Medium

Strategic Insight

You are NOT competing directly with:

- general-purpose maps
- commodity news sites

Your positioning is:

African mining intelligence + geospatial analytics.

That specialization matters.
