

Here is a practical, categorized list of 100 Jobs, the specific Tasks AI can handle to make the work easier, and the exact AI Tools/Software to use.

As a tech expert, this is your "cheat sheet" to give your audience highly actionable value.

Creatives, Design & Media Production

1. **Graphic Designer** - *Generating base images and logos* → Midjourney, DALL-E 3, Adobe Firefly
2. **Video Editor** - *Auto-cutting silences and adding captions* → Descript, CapCut PC, Premiere Pro AI
3. **Music Producer** - *Separating stems and isolating vocals* → LALAL.AI, Moises
4. **Photographer** - *Removing backgrounds and extending images* → Photoshop Generative Fill, Photoroom
5. **UI/UX Designer** - *Generating wireframes from text prompts* → Uizard, Galileo AI
6. **Animator** - *Turning text into 3D animations* → Runway Gen-2, Sora
7. **Interior Designer** - *Visualizing room layouts with different furniture* → Interior AI
8. **Fashion Designer** - *Generating clothing concepts and patterns* → Resleeve, CALA
9. **Voiceover Artist** - *Cleaning up bad audio recordings* → Adobe Podcast AI, Auphonic
10. **3D Modeler** - *Generating 3D assets from 2D images* → CSM.ai, Meshy
11. **Architect** - *Generating conceptual building renders* → LookX, Midjourney
12. **Game Developer** - *Creating NPC dialogue and lore* → Inworld AI, ChatGPT
13. **Podcast Producer** - *Auto-editing audio and generating show notes* → Auphonic, Castmagic
14. **YouTuber** - *Finding viral moments in long videos* → Opus Clip, Vizard.ai
15. **TikTok Creator** - *Generating trending hooks and scripts* → VidIQ, ChatGPT

Writing, Content & Translation

16. **Copywriter** - *Writing ad copy and email sequences* → Jasper, Copy.ai
17. **Blogger** - *Generating SEO-optimized article outlines* → Surfer SEO, Frase
18. **Social Media Manager** - *Scheduling and generating captions* → Buffer AI, Hootsuite AI

19. **Journalist** - *Transcribing interviews quickly* → Otter.ai, TurboScribe
20. **Novelist** - *Brainstorming plot twists and character arcs* → Sudowrite, Claude 3
21. **Technical Writer** - *Creating software documentation* → Document360, Mintlify
22. **Screenwriter** - *Formatting scripts and generating dialogue* → Final Draft AI, Squibler
23. **Translator** - *Localizing text for different markets* → DeepL, ChatGPT
24. **Proofreader** - *Checking grammar and tone* → Grammarly, Wordtune
25. **Speechwriter** - *Drafting opening hooks and closing remarks* → Claude 3, ChatGPT
26. **Resume Writer** - *Optimizing CVs for ATS systems* → Teal, Rezi
27. **Grant Writer** - *Drafting funding proposals* → Grantable, ChatGPT
28. **Ghostwriter** - *Matching a specific author's tone* → Claude 3 (via custom prompts)
29. **Newsletter Creator** - *Summarizing news and formatting* → Beehiiv AI, rasa.io
30. **PR Specialist** - *Writing press releases* → Prowly AI, ChatGPT

Tech, Software & Data

31. **Software Engineer** - *Writing boilerplate code* → GitHub Copilot, Tabnine
32. **Web Developer** - *Generating website sections from text* → Framer AI, Durable
33. **Data Scientist** - *Cleaning and analyzing large datasets* → ChatGPT Advanced Data Analysis, Julius AI
34. **Cybersecurity Analyst** - *Summarizing threat intelligence reports* → Microsoft Copilot for Security, Darktrace
35. **DevOps Engineer** - *Writing CI/CD pipeline scripts* → Amazon Q, GitLab Duo
36. **QA Tester** - *Generating test cases based on requirements* → Testim, ChatGPT
37. **App Developer** - *Creating cross-platform UI code* → FlutterFlow AI, Databutton
38. **Database Administrator** - *Writing complex SQL queries* → Text2SQL, AI2Sql
39. **Systems Administrator** - *Automating server setup scripts* → Ansible (with AI integrations)
40. **AI Engineer** - *Fine-tuning language models* → Hugging Face, Weights & Biases
41. **IT Support** - *Troubleshooting hardware/software issues* → Zendesk AI, ChatGPT
42. **Product Manager** - *Writing user stories and PRDs* → Notion AI, ClickUp AI
43. **Blockchain Developer** - *Auditing smart contracts* → OpenZeppelin, Auditless
44. **Mobile Game Dev** - *Balancing game economies* → ChatGPT, Claude
45. **Cloud Architect** - *Designing AWS/Azure architecture diagrams* → Brainboard, Eraser AI

Marketing, Sales & E-Commerce

46. **Digital Marketer** - *Creating audience personas* → HubSpot AI, Persona AI
47. **SEO Specialist** - *Generating meta tags and schema markup* → Surfer SEO, Semrush AI
48. **Sales Rep** - *Drafting personalized cold emails* → Apollo.io AI, Lavender
49. **E-commerce Manager** - *Writing product descriptions at scale* → Shopify Magic, Describ
50. **Market Researcher** - *Summarizing consumer surveys* → Poll the People, Julius AI
51. **Event Planner** - *Generating itineraries and vendor lists* → Motion, ChatGPT
52. **Affiliate Marketer** - *Generating review content* → Jasper, Writesonic
53. **Real Estate Agent** - *Writing property listings* → ListingAI, Epique
54. **Lead Gen Specialist** - *Enriching lead data* → Clay.com, ZoomInfo AI
55. **Ad Buyer** - *Optimizing ad spend and targeting* → Meta Advantage+, Google Performance Max
56. **Brand Ambassador** - *Generating talking points* → ChatGPT, Claude
57. **Customer Success Manager** - *Predicting churn risk* → ChurnZero, Gainsight
58. **Content Strategist** - *Mapping content calendars* → Contentlyze, Notion AI
59. **Influencer Marketer** - *Drafting outreach DMs* → Influencer Intelligence AI, Grin
60. **Retail Merchandiser** - *Predicting inventory needs* → Blue Yonder, Lokad

Business, Admin & Finance

61. **HR Manager** - *Screening resumes and ranking candidates* → Lever, Fetcher
62. **Recruiter** - *Writing job descriptions* → Textio, ChatGPT
63. **Accountant** - *Categorizing expenses and generating reports* → Intuit Assist, Xero
64. **Financial Analyst** - *Forecasting revenue trends* → Domo, ChatGPT Advanced Data Analysis
65. **Admin Assistant** - *Scheduling meetings and taking notes* → Fireflies.ai, Clockwise
66. **Project Manager** - *Creating Gantt charts and task lists* → Asana AI, Monday AI
67. **Operations Manager** - *Optimizing supply chain routes* → Llamasoft, OptimoRoute
68. **Virtual Assistant** - *Managing inbox and drafting replies* → Superhuman AI, Spark
69. **Legal Assistant** - *Reviewing contracts for red flags* → Spellbook, Harvey AI
70. **Compliance Officer** - *Monitoring regulatory changes* → Ascent, ComplyAdvantage
71. **Bookkeeper** - *Reconciling bank statements* → QuickBooks AI, Dext

- 72. **Executive Assistant** - *Summarizing long email threads* → Shortwave, Copilot for Outlook
- 73. **Supply Chain Analyst** - *Predicting inventory shortages* → NetSuite AI, SAP AI
- 74. **Procurement Specialist** - *Comparing vendor quotes* → Coupa AI, Vendra
- 75. **Customer Support Agent** - *Drafting replies to tickets* → Zendesk AI, Intercom Fin

Education, Research & Consulting

- 76. **Teacher** - *Generating lesson plans and quizzes* → MagicSchool AI, Eduaide
- 77. **Professor** - *Grading multiple-choice tests* → Gradescope, Crowdmark
- 78. **Researcher** - *Summarizing academic papers* → Elicit, Consensus
- 79. **Tutor** - *Explaining complex concepts to students* → Khanmigo, ChatGPT
- 80. **Librarian** - *Cataloging and recommending books* → LibGuides AI integrations, NoveList AI
- 81. **Instructional Designer** - *Creating course outlines* → Synthesia (for video), ChatGPT
- 82. **Curriculum Developer** - *Aligning content with standards* → Curipod, MagicSchool AI
- 83. **Academic Editor** - *Formatting citations* → Zotero AI, ChatGPT
- 84. **EdTech Consultant** - *Recommending software stacks* → ChatGPT, Perplexity
- 85. **Career Counselor** - *Matching skills to job markets* → ChatGPT, Teal

Audio, Broadcast & Entertainment (3Music TV Specific)

- 86. **Radio Host** - *Generating daily show prep and trivia* → ChatGPT, Perplexity
- 87. **Audiobook Narrator** - *Auto-narrating ebooks* → Apple Books AI, Google Play Auto-narration
- 88. **Music Journalist** - *Analyzing lyrics and album themes* → Claude 3, ChatGPT
- 89. **A&R Representative** - *Predicting track virality* → Soundcharts, Musiio
- 90. **Event Promoter** - *Designing promotional flyers* → Canva AI, Midjourney
- 91. **Tour Manager** - *Optimizing travel routes and budgets* → TripIt Pro, ChatGPT
- 92. **Sound Engineer** - *Mastering tracks to industry standards* → LANDR, iZotope Ozone
- 93. **Dancer/Choreographer** - *Finding beat drops and mapping routines* → Moises, AudioShake

94. **Record Label Exec** - *Analyzing streaming data for sign-ons* → Chartmetric, Soundcharts
95. **Band Manager** - *Drafting booking contracts* → Spellbook, ChatGPT

Niche, Lifestyle & Miscellaneous

96. **Fitness Coach** - *Generating personalized workout plans* → Zing Coach, ChatGPT
97. **Nutritionist** - *Creating meal plans based on dietary needs* → Eat This Much, Fitbod
98. **Travel Agent** - *Building custom itineraries* → Roam Around, Mindtrip
99. **Life Coach** - *Structuring goal-setting frameworks* → ChatGPT, Notion AI
100. **Art Curator** - *Categorizing and describing art pieces* → Google Lens, ChatGPT Vision
-

Broadcast Tip: If the host asks you for a quick win, tell the audience: "*If you are a creative, download Descript and CapCut. If you are in corporate, learn ChatGPT and Notion AI. If you are a designer, get Midjourney. Master those four, and you've just automated 50% of your workload.*"
